

MOURI TECH®

Intelligent ERP for Future-Ready Enterprises

MOURI Tech's **iERP solutions** empower businesses by automating, managing, integrating, and optimizing end-to-end business processes. Our comprehensive iERP services are designed to provide efficient On-premise and Cloud ERP solutions, enabling enterprises to stay ahead in today's competitive digital environment.

We specialize in transforming traditional ERP systems into intelligent platforms by leveraging cutting-edge technologies and methodologies, ensuring maximum efficiency, agility, and innovation. By embedding intelligent solutions into business processes, we amplify the value chain, paving the way for future-ready enterprises.

Key iERP Solutions

SAP S/4HANA Intelligent ERP

Our tailored SAP S/4HANA offerings are designed to meet specific business needs with a focus on the Clean Core strategy & accelerated transformation. Our SAP solutions cover key areas like Financial, Human Capital & Supply Chain Management, and System Support.

Microsoft Dynamics 365 & Power Platform

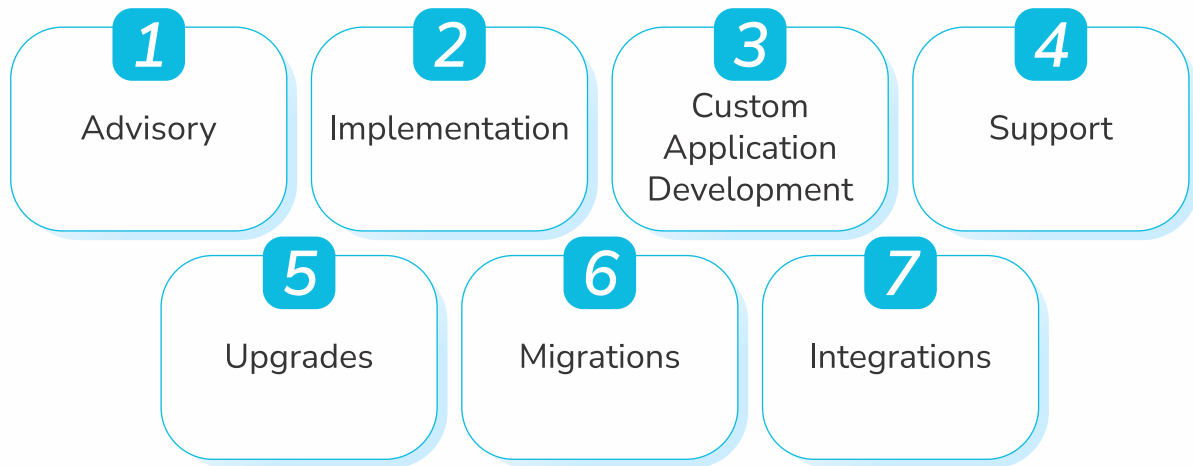

Microsoft's Cloud ERP and CRM applications drive operational efficiency. We help businesses integrate Dynamics 365, Power Platform, and Azure Services into their operations, delivering real-time data and intelligent automation.

Oracle Intelligent ERP

Our Oracle offerings include Oracle ERP Cloud, Exadata, and Enterprise Performance Management solutions. We enable automation and smarter decision-making across various business processes.

Empowering Enterprises with Intelligent Technologies & End-to-end Services

We provide a wide range of iERP services that ensure seamless integration and long-term sustainability for enterprises

Elevating Enterprise Operations

ServiceNow

AI-enhanced ServiceNow solutions from us enable organizations to automate workflows, drive predictive insights, and ensure operational excellence. From IT Service Management to Customer Service Management, our ServiceNow solutions are tailored for seamless ERP integration.

Salesforce

With AI-powered Salesforce CRM solutions including Einstein GPT, Sales Cloud, and Service Cloud, we help businesses unlock new levels of customer engagement, automation, and collaboration. We integrate Salesforce CRM into iERP systems for enhanced customer experience and data insights.

Key Benefits of MOURI Tech's iERP Solutions

- **Cloud and On-premise Flexibility:** Our iERP solutions offer both On-premise and Cloud implementations to suit the needs of diverse enterprises.
- **Data-driven Decision-Making:** We empower businesses with real-time insights and predictive analytics, allowing for smarter, faster decisions that drive growth.
- **Intelligent Solutions for Every Business Function:** Whether it's Financial Management, Supply Chain Management, Customer Relationship Management, human capital management, service management, procurement and cost management. Our iERP offerings support all major business functions, ensuring seamless integration and optimization across departments.

MOURI Tech Value Proposition

At MOURI Tech, we help businesses unlock the full potential of **Intelligent ERP** systems.
